National Institute of Urban Affairs
Authors

- Ms. Lavanya Nupur, Manager – Standards, NIUA
- Ms. Priya Upadhyay, Senior Program Associate – Standards, NIUA

Acknowledgements

This work wouldn’t have been possible without the excellent leadership and guidance of

- Mr. Kunal Kumar, Joint Secretary & Mission Director, Smart Cities Mission, MoHUA
- Mr. Rahul Kapoor, Director, Smart Cities Mission, MoHUA
- Mr. Hitesh Vaidya, Director, NIUA
- Dr. Sandeep Thakur, Associate Professor, NIUA
- Mr. Padam Vijay, Technical Advisor, NIUA
- Ms. Kakul Misra, Head, CDG, NIUA
- Mr. Manpreet Singh, Chief Program Officer, NUDM

We would also like to acknowledge inputs from the quadruple helix of Academia, Government, Industry and Citizen representation who contributed significantly with their inputs in the Expert Groups that were formulated to get insights and opinions from these four important stakeholders

(In alphabetical order)

- Mr. Akshat Jain, Director, DWI Consulting
- Dr. Gayatri Doctor, Associate Professor, Faculty of Management, CEPT University
- Dr. Kamla Kant Pandey, Coordinator, Centre for Urban Studies, Indian Institute of Public Administration
- Dr. Ravikant Joshi, Consultant, Urban Finance & Governance
- Mr. Shobhit Verma, Senior Consultant, DWI
- Ms. Shruti Yerramilli, Research Fellow, Tata Trusts
- Mr. Swastik Harish, Director, Swastik Harish and Associates

### Glossaries

<table>
<thead>
<tr>
<th>Term</th>
<th>Definitions</th>
</tr>
</thead>
<tbody>
<tr>
<td>Application Programming Interface (API)</td>
<td>The term Application Programming Interface (API) means any mechanism that allows a system or service to access data or functionality provided by another system or service. The API is generally used to interact (like query, list, search, sometimes submit &amp; update) directly with the specific information on a system, to trigger some action on other systems, or to perform some other action on other systems.</td>
</tr>
<tr>
<td>Consumer/Customer</td>
<td>A consumer is a person who purchases a product or avails a service for a consideration, either for his personal use or to earn his livelihood by means of self-employment. It also includes a beneficiary of such goods/services when such use is made with the approval of such person. The term Consumer or Customer may be used interchangeably as per the State/ULB requirement.</td>
</tr>
<tr>
<td>Data Elements</td>
<td>Data Element is a Logical definition of Data. Any unit of Data defined for processing is a Data Element. The basic principle of data modelling is the combination of an Object class and an Attribute to form a more specific ‘data element concept’. For E.g.: Application ID, name, address, ULB, building details that are associated with a Data Entity (Such as Trade License, W&amp;S, Fire NOC etc.).</td>
</tr>
<tr>
<td>Data Entities</td>
<td>Entities were created to help users to locate their data elements from the entire list. However, this grouping should not be confused with data sets. Data sets are list of data elements required for certain program or application to function and should be created choosing relevant data elements from various entities e.g., Fire NOC, Trade License, Property Tax etc.</td>
</tr>
<tr>
<td>DigiLocker</td>
<td>DigiLocker means the Government owned and operated web and mobile based hosting of Digital Locker system.</td>
</tr>
<tr>
<td>Domain</td>
<td>Knowledge of a specific, specialized discipline or field in contrast to General knowledge. For example, Knowledge in Fire NOC or water &amp; sewerage areas (Domain) in the overall functioning of ULB's.</td>
</tr>
<tr>
<td><strong>E-governance</strong></td>
<td>A procedural approach in which the Government and the citizens, businesses, and other stakeholders are able to transact all or part of their activities using Information and Communication Technology tools.</td>
</tr>
<tr>
<td>------------------</td>
<td>--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------</td>
</tr>
<tr>
<td><strong>Interoperability</strong></td>
<td>The ability of different information technology systems and software applications to communicate, exchange data, and use the information that has been exchanged.</td>
</tr>
<tr>
<td><strong>Metadata</strong></td>
<td>Metadata is data about data. Metadata describes how and when and by whom a particular set of data was collected. Metadata is essential for understanding the information stored.</td>
</tr>
</tbody>
</table>
National Urban Digital Mission (NUDM)

Over the past two decades, India has witnessed the role of technology as an enabler for development and progress. India is ready to lead the digital revolution and our cities can be the main recipients. Our ability to openly embrace emerging technologies in urban governance is the key to a powerful story of transformation in India's journey to economic power. Responding to this pressing necessity, Ministry of Housing and Urban Affairs (MoHUA) has launched National Urban Digital Mission (NUDM) in February 2021, which aims to build a shared digital infrastructure that will strengthen the capacity of the urban ecosystem to solve complex problems at scale and speed. Thus improve the ease of living for citizens through accessible, inclusive, efficient and citizen-centric governance across India’s 4800 towns and cities. National Institute of Urban Affairs has setup the Centre for Digital Governance (CDG), an initiative to convene these digital efforts of the MoHUA. The NUDM inherits the guiding principles of the National Urban Innovation Stack (NUIS) - Strategy and Approach paper, released by MoHUA in 2019 as a vehicle to accelerate the ecosystem for urban transformation.

One of the key deliverables under NUDM is creation/adoption of standards, which will enable improved information consistency, analytics, secure data access & transfer, smarter business processes; while also enabling diverse stakeholders to collaborate and their corresponding platforms and processes to interoperate seamlessly. The following standards (in various stages of development/adoption) are applicable for NUDM:

1. Municipal Governance Reference Architecture as a reference blueprint for platforms
2. Knowledge Standard (guidelines and specifications) with key data elements and their standardized data interpretation
3. API definitions for standardized integration with the National Dashboard
4. Security Assurance Standards for enabling data privacy controls
5. National meta-data standards for metadata management & data quality enablement at state & national dashboards

Out of these, the Municipal Governance Reference Architecture\(^1\), Security Assurance standards\(^2\) and Property Tax Knowledge Standard\(^3\) have already been published and are available for download. National Metadata Standard\(^4\) has been published by the Government of India.

\(^3\) IS 18006 : Part 3 : Sec 1 : 2021 - Municipal Governance - Part 3 Property Tax - Section 1 Taxonomy available online at https://standardsbis.bsbedge.com/BIS_SearchStandard.aspx?Standard_Number=18006&id=0
NUDM Knowledge Standards

Need for Knowledge Standards

ULBs and other government service providers (such as State Utility Boards and Parastatals) across India have different terminology and vocabulary for Urban Governance. This is due to inherited state laws and/or rules & regulations and various E-governance systems in ULBs. Lack of uniform knowledge of important data elements and clear vocabulary for urban governance terms, leads to the inability to share & interpret data uniformly and/or compare Urban Local Body (ULB) performances. Thus, the Knowledge Standards will help in

- identifying and categorizing important data elements for a domain
- resolving differences in terminology for Urban Governance
- to analyze current city domain models, processes, reports & KPIs; thus, retrofitting existing data models with missing data

Governing Principles in Design of Knowledge Standards

Normally information taxonomy preparation begins by asking the following questions (Earley, 2015)\(^5\) (Earley, 2015):

- What are the things that you interact with on a day-to-day basis?
- What are the processes that you engage with, applications you interact with, and people you speak to, both internally and externally?
- How do those people, processes and technologies interact?
- Information linkages identification

To ensure this taxonomy fits the needs of interested stakeholders the following principles have been followed in designing it.

**Minimalist:** The standards guidelines & specifications are designed to have minimum base elements common across ULBs to ensure interoperability, harmonization and data driven governance. These can then be adopted and built upon by some ULBs with higher process complexities.

---

Evolvable: The standard guidelines and specifications are designed to evolve over a period of time thereby adapting to changing needs and emerging technologies thus making the system comprehensive progressively.

Modular: The classifications and categorizations in the knowledge standards are designed modularly, yet they function together as a whole. They are independent and self-contained and may be combined and configured with similar units to suit separate contexts. E.g., The Property “Use” element and its sub classifications can be easily reapplied in the context of any Building Plan Approval System or Fire NOC System.

Extendible: The standard guidelines and specifications are designed to be exhaustive and the elements of Urban Governance are positioned in a hierarchy which can accommodate both horizontal and vertical additions. This leaves room for wider adoption and innovation to suit contexts of any ecosystem. The end goal is to build a knowledge practice that supports Open Guidelines and Specifications with the Data Element taxonomy as a base.

Open: The standard guidelines and specifications are designed to be ‘open’ to enable wider ecosystem participation and use. The standard guidelines and specifications are intended to be used by State Governments, Urban Local Bodies, industry and technology providers, academia and civil society organizations who are either working in the domain or is providing services to the ULBs in any manner.

Accessible & Inclusive: The standard guidelines and specifications are designed to be inclusive and accessible in nature for all types of stakeholders. The standard guidelines and specifications will enable the technology to reach to every section of society. For e.g.: Interactive Voice Responses and non-digital channels as included in the section 2 will enable the marginalized and differently abled citizen to use the service in more efficient manner. Also, stakeholders such as intermediators can also help in building capacities or creating awareness.

How to Read this Document?
This document has 5 key components,

- Section 2.1 captures Key data elements associated with the Trade License Data Entity.
- Section 2.2 captures key channels of transactions i.e., new application/ grievance registration/ payment etc.
- Section 2.3 captures key stakeholders involved in TL service delivery
- Section 2.4 captures key processes within the TL domain with clearly defined input & output data elements.
• Section 2.5 captures key Reports and KPIs that ULBs and states/UTs are encouraged to use.

All direct sub-classifications and components captured in the taxonomical hierarchy are shown as normal text (For Ex: “2.1.1 Trade License ID”)

In processes section (section 2.4),

• Input criteria (whether from citizen or ULB) of the process is shown in italics text (For Example “2.4.3.3.2 Mode of Payment”)
• Output of the process is shown in Bold text (For example “2.5.1.1 License Register”)
• Direct sub-classifications or sub-components are shown as normal text (For Example 2.4.4.1.1 Issue of New License, which is sub-classification under Section 2.4.4.1 Types Of Assessment)

Diagrams:

Domain is depicted as for e.g. Trade License

Data Entities are depicted as for e.g. License Holder

Channels are depicted as for e.g. Trade License Channels

Stakeholders are depicted as for e.g. Stakeholder Matrix

Processes are depicted as for e.g. Application Creation, Acknowledgement

Reports & KPIs are depicted as for e.g. Demand Collection Balance Register

How to Use this Knowledge Standard?

TL Knowledge Standard can be used in 3 different ways:

1. Direct application by storing, generating and using these important data elements (entities, stakeholders, processes & reports) in day-to-day operations.

   Example 1: Designated ULB official can use this to add channels and ULB type (such as Nagar Panchayat, Municipal Corporation or Municipal Council) in the TL system. This will help the ULBs to assess the application while acknowledging and processing the Application/ Assessment request.
Example 2: While submitting the application form for the license, the property Id is also captured. This PID can be used to fetch property details like use, location, ownership, payment details which will help in eliminating redundant or bulky forms. This will also result in re-use and harmonization of data across departments.

Example 3: Monitoring of applications by their status, SLB adherence and channels by which the transaction happens, empowers ULB Officials to take corrective and preventive steps as needed.

Timely updating and monitoring of DCB register also enable ULBs to better plan and revenue management.

2. Indirect application by using these data elements in evidence-based governance and long-term planning

Example: Analyzing trade applications by purpose for which the application was made may help the ULBs in regulation of landuse, planning revenue management models etc. It can also help in planning the inspection schedules better with respect to the types of regulations needed.

3. Information consistency by using these data elements while using and sharing data (via Metadata tags in reports and dashboard)

Example: Consistent use of Data elements, processes, KPIs and their definitions from this Knowledge Standard helps in implementing Information consistency across ULBs. To ensure information consistency, while ULBs may use new or existing platforms for delivering TL services. They should use Metadata tags from the data elements defined in this knowledge standard.

It may be noted that

1. The data elements described in this knowledge standard are not complete and ULBs may add/ remove data elements as per actual need.
2. ULBs and their technology partners are however advised against modifying the data elements while using these as Metadata tags i.e., Application ID should be shared as ‘Application ID’ and not ‘App ID’ or ‘Appln ID’ in the ULB reports.
Revisions to the Document

This is planned to be a working document. It will be revised regularly to guarantee that the knowledge standard incorporates learnings from various implementations and learning cycles as they progress and remain relevant. Amendments and regular updates to its text and indicators are to be expected on a continuous basis.

No Sub-License Allowed

TL Knowledge Standard is developed as open guidelines and specifications under NUDM by NIUA. No part(s) of the document can be sublicensed further by any other organization. Any attempted sublicense, whether voluntarily or otherwise, shall be null and void, and will attract penal actions.

1 Trade License

Urban Governance in India is predominantly the constitutional domain of the State Government, who delegates power to Municipal Bodies/Urban Local Bodies (ULBs) through a specific legislation. The Trade License (TL) module in a municipal governance system provides the facilitation to all the business owners in order to register their business/trade under the Urban Local Body and is governed by the revenue department for collection of the tax\(^6\) (Commissionerate of Municipal Administration, 2017). The license also establishes certain operational protocols and safety measures for the general welfare of all commercial establishments and the workforce involved.

- The trade license that is issued by the municipal corporation is regulated by the state government of that particular state
- A trade license ensures that no one is affected by the nuisance and the health hazards of any trade or business
- To make sure that no business carrying any unethical business practices or trade it is having been made necessary by the government. So, to carry out any business in any particular area it is to be ensured that there the person is having a trade license
- This license makes sure that there is harmony in the society that every business is following the rule and the guidelines that are set by the government. That they are obeying the safety measures
- A trade license registration makes sure that the trade activities in the country are aligned

1.1 Background

The government has made it necessary for any business entity to obtain trade license to ensure that the person is not carrying out unethical business practices and is following the relevant rules, safety measures and guidelines. A licensed business protects its owners against certain types of liability. If damage or injury occurs the business actions or doings, the personal finances would not be at stake in any settlement. The various types of trade licenses offer different levels of protection. TL also covers various businesses under Shop & Establishment Act, 1948 which means to regulate the working and employment conditions of worker employed in shops and establishments including commercial establishments. The Act generally provides for fixation of working hours, rest intervals, overtime, holidays, leave, termination of service, maintenance of shops and establishments and other rights and obligations of the employers and employees.

As part of National Urban Digital Mission (NUDM), NIUA is also offering a platform UPYOG to states which offers Trade License Issuance & Payment functionality using Trade License (TL) module.

---

1.2 Who is Responsible?

The government of India authorizes the license in a manner to regulate businesses in cities across the country. It grants permission by the way of letters or documents/certificates to carry on any business or trade where it is located. The issuance of the license varies from state to state depending on the local government agencies (Municipal) rule and regulations and State Municipal Acts.

It is issued by the licensing department of the municipal corporation in various departments like industries, engineering, health etc. The ULB authorities are hence mandated to identify the trade running in the designated territory and perform assessment of fee value and the result of which the trade running in their respective ULB should be registered and a unique Trade License ID (TLID) will be issued to the owner for making the necessary payment.

The traders have to renew their license issued once the period of the license gets over and the result of which the existing unique Trade License ID will be renewed.

ULB officials need to carry out the enforcement and other functions prescribed under the Municipalities Act. Inspections are carried out to ensure the opening and closing hours of shops and establishments fixed under the Shops and Establishment Act, 1948. Challans may be filed against the defaulting employers by the Chief Inspector of shops on the report of the area Inspector before the area Magistrate.

2 Taxonomy for Trade License

Taxonomy for Trade License tries to capture the most important data elements, entities, their properties, categories, subcategories, parameters, and specifications within this domain as well as other associated areas. Subsections in section 2 also define all the key terms in the trade license domain comprehensively.

A well-structured TL taxonomy helps by:

✓ Identification and regulation of trades enabling effective enforcement and regulation
✓ Building accountability and ensuring transparency
✓ Building confidence among the traders and business owners to run a trade
✓ Identification and process key data elements to enable evidence-based decision & policy making
Figure 1 Taxonomy for Trade License
2.1 Trade License

A Trade License is permission issued by an Urban Local Body (ULB) to conduct specific trade or business according to the relevant rules, standards and safety guidelines on premises for which it has been issued\(^7\) (Navi Mumbai Municipal Corporation, 2016). The license also establishes certain operational protocols and safety measures for the general welfare of all commercial establishments and the workforce involved. Sub-components in this section describe important components of a trade license entity.

2.1.1 Trade License ID

A Trade License ID (TLID) is the unique identifier allotted to a trade by the ULB for the purpose of trade license records. Typically, the TLID is generated after the completion of assessment and inspection of the trade by the ULB officials and payment of license fees by the applicant.

2.1.2 Application ID

An Application ID is a unique application identifier that will be generated after submitting the application form successfully. The Application ID can be used to check status of the filled application, get duplicate bills, receipts etc.

2.1.3 License Holder Details

License holder details means the details of individual or group of individuals who holds the license for the trade or establishments such as name of all partners, mobile numbers, addresses, age, proofs of identity, email ids, photographs and partnerships. It is recommended that automated authentication be incorporated with other government documents and services such as Aadhaar, PAN, etc. Trade in a city may be further be classified and analyzed based on the eligibility of the owner of the trade needed to commence the particular trade such as legally permissible age to work or register for the trade, criminal records etc.

---

2.1.3.1 Age

It means the age of the individual who applies for the particular trade.

2.1.3.2 Criminal Record

It means the owner of the trade should furnish information or record of any criminal cases registered against their name in any police station across the country.

2.1.4 Trade License Type

Trade License type means type of license based on the period of validity such as permanent license, usually valid for the financial year, and temporary license usually valid for shorter period of time.

2.1.4.1 Temporary License

A temporary license is the license applied for the validity of short period i.e., less than a financial year.

2.1.4.2 Permanent License

A permanent license is the license applied for the validity of the financial year that can be renewed as per the trade license guidelines.

2.1.5 Trade Details

Trade is a basic economic concept involving the buying and selling of goods and services. In terms of trade license, this may include name of business/trade, owner of trade, location of trade, nature of trade, year of inception, PAN, TIN number and GST Number.
2.1.5.1 Name of Business

Name of business is the name by which a business is known. Business names should be used on all official correspondence, such as letters and invoices.

2.1.5.2 Location

Location (address of trade unit) provides the particulars of the place where the applicant will conduct trade for e.g., registered office address, warehouse address, market location, shop number and geospatial location with respect to the urban base map.

2.1.5.3 Area of Trade Unit

Area of trade unit means coverage area of the business unit where the trade establishment is functioning. This in many cases also determines the license fees.

2.1.5.4 Floor of the Establishment

Floor of the establishment means the floor at which the trade establishment is functioning. This in many cases also determines the license fees.

2.1.5.5 Trade Business Structure

Trade Business Structure means type of business constitution as prescribed by the Companies Act, 2013 or local laws such as proprietorship, PVT. Ltd., Ltd., LLP and partnership. This may also determine license fees.
2.1.5.6 Trade Commencement Date

Trade commencement date means the first date on which the trade makes a commercial sale of any product/service under the business category where it is registered.

2.1.5.7 Trade Size

Trade Size means the size of the business or trade for the purpose of determination of unit of measurement value of trade license. Trade or business could be small size, medium size or large size. This may also determine license fees.

2.1.5.8 Employee Details

Employee details means the details of the employees of the registered trade such as number of employees, type of employees (temporary/permanent) etc. This in many cases also determines the license fee.

2.1.5.8.1 Employee count

Employee count means the number of employees currently working in the established trade.

2.1.5.8.2 Employee Type

Employee type means the type of employees currently working in the established trade such as contractual, permanent or non-contractual helpers or staff.

- Permanent employees work for an employer and are paid directly by that employer. Permanent employees do not have a predetermined end date to employment. In addition to their wages, they often receive benefits like subsidized health care, paid vacations, holidays, sick time, or contributions to a retirement plan.
- A contract employee is an individual retained by a company for a predetermined time, for a predetermined price. Following this approach, a company is not responsible for providing a variety of traditional employer benefits, including: taxes, social security, workers’ compensation, unemployment benefits, health benefits, sick leave, or retirement or profit.
sharing. In terms of TL, it means the number of contractual employees/staffs working in the established trade.

- Non-contractual staff/helpers mean count of employees who are not bound or secured by a contract or agreement.

### 2.1.5.8.3 Working Hours

Working hours means the total official working hours an employee spends in the established trade.

### 2.1.5.9 Trade Industry Type

Trade industry type is classification of trade license based on the primary business activities. This may also determine license fees.

![Figure 6: Taxonomy of Trade Industry Type](image)

#### 2.1.5.9.1 Retail

Retail means businesses or trade which sale goods and services to consumers.

#### 2.1.5.9.2 Wholesale

Wholesale means businesses or trade which sale goods and services to businesses.

#### 2.1.5.9.3 Manufacturing

Manufacturing means businesses or trade which manufactures goods.

#### 2.1.5.9.4 Service

Service means businesses or trades which provide services such as hospitality, waste management etc.
2.1.5.10 Trade Description

Trade description means sub-categorization of industry as defined by the ULB rules. This may also determine license fees.

2.1.5.10.1 Storage and Sale of Household Provisions

This category includes trades of all sizes related to storage and sale of household provisions such as grocery & condiments; Perishables such as fruits, vegetables, flowers; Bakery products; Non-alcoholic beverages; tobacco and tobacco products, including pan masala and gutkha with or without tobacco; whether branded or not; Branded meat products, or any other except negative products list as notified by the states or ULBs.

2.1.5.10.2 Eatery Houses and Food Preparation

This category includes trades of all sizes related to eatery houses and food preparations such as Tea/coffee; Sweets and savories; Bakery; Fast food; Juice/milk-shake shops without separate kitchen space, restaurant, bakery, cafeteria or any other eating house with kitchen in separate space, bar or pub, with or without restaurant and separate kitchen or beer brewery or establishment selling locally produced alcoholic beverage, with or without sale of tobacco and tobacco related products etc. or any other related trade as notified by the state or ULBs.

2.1.5.10.3 Hospitality, Gathering and Entertainment Services

This category includes trades of all sizes related to hospitality, gatherings and entertainment services such as accommodation facility without or with kitchen or function hall or health, sports or recreation-related facilities, hotel, resort or club with accommodation facilities, restaurants, kitchen or other F&B arrangements, function hall, conference halls, convention center, health,
sports or recreation related facilities, shopping center or mall with any combination of shops and storage, eating houses, hospitality, gathering and entertainment facilities, Banquet hall, function hall, single-screen or multiplex cinema hall, auditorium or conference/convention center, without restaurant or kitchen or any other related trade as notified by the state or ULBs.

2.1.5.10.4 Medical Establishment
This category includes trades of all sizes related to medical establishments excluding large hospitals and clinics such as Chemist, druggist, medical and general store, including surgical store or any other related service.

2.1.5.10.5 Veterinary
This category includes trades of all sizes related to veterinary services such as pet services including pet shops, material for pets, clinics, boarding, pet chemists etc.

2.1.5.10.6 Educational Establishment
This category includes trades of all sizes related to education and educational establishments such as municipal schools, of any education system, across any classes, municipal colleges, of any education system, across all streams or any other related establishment.

2.1.5.10.7 Other Storage and Sale Establishments
This category includes any other trades of all sizes related storage and sale establishments such as construction materials, tools and machinery parts, automobile parts and accessories or any other related trade.

2.1.5.10.8 Other Service Establishment
This category includes any other trade of all sizes related to services and service establishments such as Tent house, Printing, stamp-making, signboards, photo studio with or without sale of photographic equipment, photo-framing, key-makers; Internet or other communication, legal, architecture, CA, engineering, real-estate, astrology, matchmaking, travel agency or other professional service.

2.1.5.10.9 Industry and Warehousing – Non-Hazardous
This category includes trades all of sizes related to manufacturing, warehousing and sale of non-hazardous goods.
2.1.5.10.10  Industry and Warehousing – Hazardous

This category includes trades all of sizes related to manufacturing, warehousing and sale of hazardous goods as permitted by the state or the ULBs.

2.1.5.10.11  Street Vending/Hawking

This category includes vending of all sizes and types as per the ULBs or The Street Vendors (Protection of Livelihood and Regulation of Street Vending) Act, 2014.

2.1.5.10.12  Municipal Markets

This category includes trades in municipal markets of all sizes and regulation of municipal markets as notified by the states or ULBs.

2.1.5.11  Trade Renewal Details

These are the additional details needed while applicant wants to renew existing/ expired trade license. The renewal of the license has to be done within a specific time frame a per the existing laws of ULB.

![Figure 8 Taxonomy of Renewal Details]

2.1.5.11.1  Challan of the Previous Year

Means the challan generated for the previous financial year.

2.1.5.11.2  Property Tax Receipt

Means any evidence of payment or compensation of taxes.

2.1.5.11.3  Old Application ID

An old application ID is the number generated when the applicant initiated an application for the first time and has been awarded with the trade license in lieu of that application. The old application number may be used to renew an old trade license.
2.1.5.11.4 Old Trade License ID

An old Trade License ID is the number generated when the license is issued for the first time in lieu of that application. The old trade license ID may be used to renew an old trade license.

2.1.5.12 Property Details

Property details include the attributes of the property which are required for assessment and identification of the trade. This includes PID, locational information, complete address of the property, physical attributes of the property such as area, built-up space, number of floors, etc. A trade license may be linked with property ID to fetch relevant details from municipal property register appropriately and vice versa.

![Figure 9 Taxonomy of Property Details](image)

2.1.5.12.1 Property ID

A property ID (PID) or property tax identification number (PTIN) or Unique Property Identification Code (UPIC) is the unique identification number allotted to a property by the ULB for the purpose of property tax records. Typically, the PID/PTIN is generated after the first-time enumeration of the property and its verification by the ULB officials.

2.1.5.12.2 Ownership

Property ownership is the state or fact of exclusive rights and control over immovable property. Property may be owned by individuals or organizations.

2.1.5.12.3 Occupancy

The principal occupancy for which a building or a part of a building is used or intended to be used; for the purposes of classification of a building according to occupancy, occupancy shall be deemed
to include the subsidiary occupancies which are contingent upon it\textsuperscript{8} (National Building Code Sectional Committee, 2016).

2.1.5.12.4 Use

The purpose to which a property is being put to use is again a vital characteristic that defines the entity ‘Property’. It determines factors like the rate of property tax, trade license etc.

2.1.5.12.5 Year of Construction

Year of construction means the year in which the construction of the property mentioned in the TL application has been completed.

2.1.5.13 W&S Consumer ID

Water & Sewerage (W&S) Consumer ID is a unique connection identifier for water & sewerage connection of a trade. A TLID may be linked with W&S consumer ID to fetch relevant details from municipal W&S registry and vice versa. This linking may also be used to identify revenue leakages.

2.1.5.14 Electricity Consumer ID

Electricity Consumer ID is a unique connection identifier for electricity connection of a trade. A TLID may be linked with electricity consumer ID to fetch relevant details from municipal electricity registry and vice versa. This linking may also be used to identify revenue leakages.

2.1.6 Trade License Zone

Trade License Zone or ‘TL Zone’ means the classification of different area or street into value zones for the purpose of determination of unit of measurement value of a trade license.

2.1.7 Evidence

Proof of the trade and owner details submitted during registration/ renewal of trade license. These can be,

- Address proof of the business
- ID proof of the applicant
- Aadhaar card
- PAN of the individual in case of proprietorship, else PAN of the firm of company
- Memorandum of Association (MOA) in case of companies
- Certification of incorporating in case of companies

2.1.8 Penal provisions

These are the penalties for violation or non-compliance of terms, provisions, rules, and regulations that are required to be followed by the registered entity. Some of the penalties for contravention of the provisions of the trade license are stated below:

- If an entity violates the condition of license or cause nuisance in the neighborhood or surrounding, then the license might be cancelled or revoked;
- The entity committing a breach of the terms of the license or applicable laws shall make it liable to pay prescribed penalty;
- A fine of 50% of the license fees may be levied in case of any delay in the trade license renewal process
- An appropriate legal action can also be taken against the defaulting entity

2.1.9 Validity

Validity is the time period through which a trade license is valid.

2.1.10 License Status

This is the current status of validity of trade license.

2.1.10.1 Valid

This is the status of trade license when its within validity.

2.1.10.2 Lapsed

This is the status of trade license when its beyond validity.

2.1.10.3 Suspended

This is the status of trade license when you lose the right to trade temporarily.
2.1.10.4  Cancelled
This is the status of trade license when you lose the right to trade permanently cancelled.

2.1.11 Application Status
This is the current status of trade license application.

![Figure 11 Taxonomy of Application Status]

2.1.11.1  New
New application status means that a new trade license application has been filed. This may or may not be on the system.

2.1.11.2  Acknowledged
Acknowledged application status means that the trade license application has been acknowledged by the municipal department.

2.1.11.3  Assigned
Assigned application status means that the trade license application is assigned to inspection team and the inspection is planned or in process.

2.1.11.4  Inspected
Inspected application status means that the trade license inspection is completed.

2.1.11.5  On-hold
On-hold application status means that the trade license application is put on hold for a reason.
2.1.11.6 Pending for Payment

Pending for payment application status means that the trade license application is pending for payment after successful inspection.

2.1.11.7 Approved

Approved application status means that the trade license application is approved. A TLID is generated in this case.

2.1.11.8 Rejected

Rejected application status means that the trade license application is rejected after inspection.

2.1.12 TL Request Type

TL request type is the type of application made to the ULB for trade license. It can be for a new license, renewal of license or cancellation of existing license.

![Figure 12 Taxonomy of TL Request Type](image-url)

2.1.12.1 New Registration

New registration means an application for registration for fresh trade license is to be submitted with requisite documents and registration & processing fee along with applicable license fee.

2.1.12.2 Renewal

The application type to renew the trade license for any kind of business or trade. The renewal of the license has to be done in a specific time frame as per the ULB.
2.1.12.3 Cancellation
Application type to cancel existing trade license. The ULB Officer, after receiving the application with required information, if satisfied about its correctness will remove such establishment from the register of establishments and cancel the trade license.

2.1.12.4 Mutation
Application type for transfer of title to an existing trade license.

2.1.12.5 Correction
Application type for correction of business-related information of an existing trade.

2.1.12.6 Restoration
Application type to restore a suspended trade license. The restoration of the trade license needs to be done within a specific time frame as per the applicable laws within ULB.

2.1.13 Assessment Year
Assessment year is the year for which assessment was done for a trade.

2.1.14 Billing Details
These are the details of bill generated during the process of application for a new trade license or while renewing an old license.

![Figure 13 Taxonomy of Billing Details]

2.1.14.1 Bill ID
Bill ID is a unique identifier that identifies license holder’s bill for accounting purposes.
2.1.14.2 Bill Amount
An amount of money paid by the applicant during the application of the trade license.

2.1.14.3 Billing Date
Billing Date is the date on which bill is generated during the application process.

2.1.15 Payment Details
These are the details of payment made during the process of application for a new license or while renewing an old license.

Figure 14 Taxonomy of Payment Details

2.1.15.1 Receipt ID
Receipt ID is a unique identifier which is generated once payment is completed and payment details are captured on accounting system.

2.1.15.2 Payment Date
The date on which the TL fees (application or license) is paid by the applicant.

2.1.16 TL SLG Factors
These are important time factors associated with a trade application that determine the service level aspect of trade license approval with respect to timeliness of service provided. This includes time when application first registered, inspection days, SLG (Service level Guarantee) and actual turnaround time.
2.1.16.1 SLG (Service Level Guarantee)

The maximum time that service departments expect to take to complete trade licensing process. Also called expected compliance time set by the ULB in citizen charter or any public disclosed document for a service in which it should be issued or managed. Public sharing of a comparative picture of various SLGs in the ULB may introduce competition to improve performance.

2.1.16.2 SLG Time Input

These are important dates that help capture service level compliances.

2.1.16.2.1 Application Date

Application date is the date on which the application is first submitted by the citizen.

2.1.16.2.2 Inspection Date

Inspection date is the date on which an inspection has been conducted by the ULB inspector.
2.1.16.2.3 License Issue Date
License issue date is the date on which License ID was issued to the trade owner by the ULB.

2.1.16.2.4 Timeline for Appeal
This is the timeline mentioned in an assessment notice within which an aggrieved person can appeal to the appellate authority.

2.1.16.2.5 Billing Date
Billing Date is the date on which bill is generated during the application process.

2.1.16.2.6 Due Date
Due date is the date on which the bill for a particular trade is due for the current assessment duration. Upon non-payment of bill by the given due date, a surcharge may be levied on the initial demand by the imposition of a penalty.

2.1.16.2.7 Payment Date
The date on which the TL fees is paid by the applicant.

2.1.16.3 Actual Turnaround Time
Actual turnaround time is the actual time taken by the ULB in which a trade license is issued, cancelled, restored, renewed, or suspended.

2.1.16.3.1 Within SLG (Service level Guarantee)
When a trade license service is provided within the given SLG (Service level Guarantee) i.e., without exceeding the time period defined.

2.1.16.3.2 Outside SLG (Service level Guarantee)
When a trade license service is provided beyond the SLG (Service Level Guarantee) i.e., exceeding the time period defined.

2.1.17 ULB Type
Type of the Urban Local Body as per the definition of MoHUA such as Nagar Panchayat, Municipal Council or Municipal Corporation⁹ (Ministry of Housing and Urban Affairs, 2014).

2.2 Trade License Channel

Channel / Mode / Method through which trade license application is being registered by the citizen or information and response is shared by the ULBs.

2.2.1 Digital

Digital means an electronic way to collect, store, process and transmit data in the desired form. In the context of trade license, this refers to processes and corresponding data used by the authority and the individual for trade licensing which is requested or generated in digital form for the purpose of recording, allocation, assessment, follow up, and appeal.

2.2.1.1 Email

Electronic media for transfer of messages and information through internet.

2.2.1.2 Online Portal

Web portals or web application refers to the websites developed for trade license management. This broadly includes an assessment calculator, trade data, owner’s information and facility to pay the license fees through payment gateways linked to the portals. These portals also include the websites developed by the National, State or ULB for e-governance service delivery.

Figure 16 Trade License Channels
2.2.1.3 Mobile App

A mobile application, also referred to as a mobile app or simply an app, is a computer program or software application designed to run on a mobile device such as a phone, tablet, or watch.

2.2.1.4 IVR

Interactive Voice Response (IVR) is a technology that allows humans to interact with a computer-operated phone system through the use of voice and DTMF tones input via a keypad. The call center operator will listen to the IVR recorded TL and register the same in the system. The call center operator may contact the citizen in case information provided is insufficient or any clarification required.

2.2.1.5 Social Media

Social media are interactive technologies that allow the creation or sharing/exchange of information, ideas, interests, and other forms of expression via virtual communities and networks such as Twitter, WhatsApp, Facebook etc.

2.2.2 Non-Digital

These are other means (non-digital) by which a request for trade license is captured.

2.2.2.1 Written application

A written application refers to a channel for trade license which includes an application in a prescribed Form/Format, addressing to Municipal Commissioner requesting for new or renewal of trade license.

2.2.2.2 CSC

Common Service centers are the access points for delivery of various services using Information and Communication Technology (ICT). CSCs were created under National E-government Project by the Government of India.

2.2.2.3 Phone/Mobile

Mobile telephone, also called mobile, is a portable device for connecting to a telecommunications network in order to transmit and receive voice, video, or other data.

2.2.2.4 In Person

A person/s can walk in to the municipal office/ward office to submit their trade license application.
2.2.2.5 Ward Employees

Ward employees are the employees of Municipal Council or Municipal Authority, concerned with administrative wards of the city. In terms of trade license an application can be submitted through the respective ward employees during their visits where the trade is established.

2.3 Trade License Stakeholders

Trade license stakeholders are the stakeholders involved in planning, implementation and maintenance of trade licensing function. Participation by all relevant stakeholders ensures sharing a common understanding and involvement in the decision-making process as well as accountability in urban governance. Participation by all stakeholders leads to empowerment and to joint ownership and harmonized access to information connecting multiple urban departments to serve citizens better.

2.3.1 Stakeholder Matrix

Stakeholder matrix captures distribution of work area, level of responsibility and Service Level Guarantee of various stakeholders within the ULB and/ or contracted organizations based on ward / locality/jurisdiction, service / issue category.
2.3.1.1 Stakeholders

This refers to the types of stakeholders who are involved in a TL system such as the trade owners, assessor, inspectors, appellate authority and Municipal Commissioner.

2.3.1.1.1 Trade owner

Trade owner in relation to a TL means any person or group who acquires that trade license for the purposes of running the trade.

2.3.1.1.2 Assessor

An assessor is a ULB official who determines the value of a TL for revenue purposes. The figures assessors derive are used to calculate future TL fees. The assessor estimates the value of Trade within a city or town’s boundaries. This value (assessed value) is converted into an assessment, which is one component in the computation of TL bills.

2.3.1.1.3 ULB Inspector

A ULB Inspector is a person who has been appointed by a government department or agency to perform TL compliance and enforcement duties.

2.3.1.1.4 Intermediaries

Intermediary is the individual, group of persons (Volunteers) or organizations (NGOs, Trusts etc.) who initiated the TL request or application on the behalf of the originator who lacks the capacity to use any channels which are provided by the ULB. These Intermediaries should be registered with the ULBs in order to provide their services to the originator (who is either from marginalized section, illiterate or differently abled) and should not charge extra money from the originator.

The application submitted by the intermediaries for the originator who is capable of filling their own request will not be considered by the ULBs.

2.3.1.1.5 Appellate Authority

Appellate Authority is the authority or representative of the authority assigned to review the procedures and decisions or assessment of TL to make sure that the proceedings were fair and that the proper law/regulation are applied appropriately.

2.3.1.1.6 Municipal Commissioner

Commissioner of the ULB or municipal body means an officer appointed by the Government, and includes an Additional Director, a Joint Director, Deputy Director, or any other officer of the
Government authorized by it to perform the functions of the Commissioner and Director of Municipal Administration.

2.3.1.2 Distribution of Work Area

This refers to the ward and/or sectors within ULB for which each of the stakeholders are responsible for.

2.3.1.3 Level of Responsibility for Redressal

In order to ensure that applications are resolved within the prescribed time norm, escalation levels of responsibility for redressal are mapped.

2.3.1.4 Service Level Guarantee

Refer section 2.1.16.1.

2.4 Trade License Processes

TL Processes are a series of actions or steps taken in order to achieve a timely delivery of trade licenses by the ULBs such as trade license application creation, assessment, suspension, restoration, cancellation, appellate, billing, approval & certification.

2.4.1 Application Creation

A process by which an application is created for trade license at the municipal authority such as new trade license, renewal of trade license, or transfer of trade license. Application status in this case is new.
2.4.1 Application Creation

2.4.1.1 Trade Details
Refer section 2.1.5.

2.4.1.2 Trade License Type
Refer section 2.1.4.

2.4.1.3 License Holder Details
Refer section 2.1.3.

2.4.1.4 Evidence
Refer section 2.1.7.

2.4.1.5 Trade License Zone
Refer section 2.1.6.

2.4.1.6 Penal Provisions
Refer section 2.1.8.

2.4.1.7 Assessment Year
Refer sections 2.1.13.

2.4.1.8 TL Request type
Refer section 2.1.12.
2.4.2 Acknowledgement

Acknowledgment is the process by which a new TL application is acknowledged in the system. This process is combined with application creation if the application is directly captured on the TL system. An application ID may be generated in this case. TL acknowledgement may be automatic or manual (if the application is received through non-digital channel). Application status post acknowledgment is changed to acknowledged.

2.4.2.1 Trade License Channel
Refer section 2.2

2.4.2.2 ULB Type
Refer section 2.1.17

2.4.2.3 Application ID
Refer Section 2.1.2

2.4.2.4 Application Status
Refer Section 2.1.11

2.4.2.5 SMS & Notifications

These are the notifications sent to citizens informing them about the trade license application being registered on system.
2.4.3 Application Billing & Payment

Application Billing & Payment is the process of generating bill (demand) against a new application by the ULB and subsequent payment of the same by the trade owner.

**Figure 21 Taxonomy of Application Billing & Payment**

2.4.3.1 Application Billing

The process by which an application bill is generated during the process of a new application.
2.4.3.1.1 Application Bill

It is the initial bill generated for the application/inspection fee for the applied TL. Inspection bill constitutes of application processing fee and inspection fee amount.

2.4.3.1.1.1 Bill ID
Refer section 2.1.14.1.

2.4.3.1.1.2 Bill Amount
Refer section 2.1.14.2.

The inspection fee and application processing fee are included in overall fee calculation. ULB may ask for inspection fees to be based on number of times inspection is done.

2.4.3.1.1.3 Billing Date
Refer section 2.1.14.3.

2.4.3.1.1.4 Due Date
Refer section 2.1.16.2.6.

2.4.3.2 Demand Collection Balance Register
Refer section 2.5.1.4.

2.4.3 Demand Notice Generation

This is the process in which bill (demand) is generated and served to the trade owner.

2.4.3.3 Application Bill Payment

Payment is the voluntary tender of money or its equivalent or of things of value by trade owner against the bill generated.

2.4.3.3.1 Receipt ID
Refer section 2.1.15.1.

2.4.3.3.2 Mode of Payment

It means mode of payment of bill amount by the trade owner.
2.4.3.3.2.1 Digital Payment

A digital payment occurs when the payment for processing the application and trade fees could be done via digital and electronic medium, such as using debit card, credit card, payment gateway etc.

2.4.3.3.2 Non-Digital Payment

Non-digital payment refers to the mode of payment of money in physical form like cash, demand draft, cheque etc.

2.4.3.3.3 Payment Date

Refer section 2.1.15.2.

2.4.3.3.4 Demand Collection Balance Register

Refer section 2.5.1.4.

2.4.3.3.5 Receipt Register

Refer section 2.5.1.5.

2.4.4 Assessment

The process by which the documents are scrutinized by the license department with the support of other related departments. For e.g. If the application was made for the trade of food related business the application and the supporting documents were verified and assessed by the license department, food department and health department. The assessment is conducted online or offline by the nodal officer assigned based on the location/area or department/ domain handling the trade description of the application. Application status in this case is assigned.
2.4.4.1 Types of Assessment

Types of assessment is the classification of assessment processes for trade license service.
2.4.4.1.1 Issue of New License
Assessment process undertaken while issuing a license for the first time.

2.4.4.1.2 Re-Assessment
Assessment process undertaken to determine new fee based on the change in the usage of an existing trade or change in the trade details.

2.4.4.1.2.1 Change in Name of Business
Assessment process undertaken during change in name of business.

2.4.4.1.2.2 Mutation
Assessment process undertaken during transfer of trade license from one owner to another owner.

2.4.4.1.2.3 Amalgamation
Assessment process undertaken when two or more trades are merged into a single trade with a Single or Joint owner.

2.4.4.1.2.4 Bifurcation
Assessment process undertaken when a trade is bifurcated into two or more trades.

2.4.4.1.3 Revised Assessment
Assessment process undertaken during changing the assessed value for a trade based on the periodic increase in rates (based on Local acts) or based on noticed changes in the TL factors. Revised assessment may also take place after appellate decision to change the license fees amount.

2.4.4.2 Method of Assessment
This means different methods undertaken to assess the trade license application based on trade factors.
2.4.4.2 Method of Assessment

2.4.4.2.1 Scrutiny of application

2.4.4.2.2 Calculation

2.4.4.2.3 Generation of Assessment Notice

2.4.4.2.4 Generation of Inspection Notice

2.4.4.2.5 Site Inspection

2.4.4.2.6 Revision of Assessment

2.4.4.2.2.1 Trade License Factors

- 2.4.4.2.2.1.1 Trade License Type
- 2.4.4.2.2.1.2 Area of Trade unit
- 2.4.4.2.2.1.3 Floor of the establishment
- 2.4.4.2.2.1.4 Trade Business structure
- 2.4.4.2.2.1.5 Trade Size
- 2.4.4.2.2.1.6 Employee Details
- 2.4.4.2.2.1.7 Trade Industry Type
- 2.4.4.2.2.1.8 Trade description
- 2.4.4.2.2.1.9 Trade License Zone
- 2.4.4.2.2.1.10 Penal provisions
- 2.4.4.2.2.1.11 Property Details

2.4.4.2.2.2 Assessed Value

2.4.4.2.3.1 Assessment Notice

2.4.4.2.4.1 Inspection Notice

2.4.4.2.5.1 Inspection Officer

2.4.4.2.5.2 Inspection Checklist

2.4.4.2.5.3 Inspection Entry

2.4.4.2.6.1 Site Inspection

FIGURE 24 TAXONOMY OF METHOD OF ASSESSMENT
2.4.4.2.1 Scrutiny of Application

It is the assessment conducted on the application as soon as it is been applied by the citizen and the scrutiny is conducted by the assessing officer. During the initial assessment scrutiny of documents may be done by the ULB officials and appropriate inspection fees, license fees and inspection notice are generated.

2.4.4.2.2 Calculation

Calculation is the process of calculating the fees for applied TL based on the specified criteria as mention in their Municipal Act or as decided by the Municipal Commissioner for varied trades. TL calculation process comprises the use of any one or combination of methods using various attributes of trade such as license type, trade details, trade categorization, type of constitution of trade, trade year, penal provisions, type of location and any other related amount to calculate trade license bill amount.

2.4.4.2.2.1 Trade License Factors

These are the factors associated with a trade and used in various trade license processes like assessment, calculation of tax and billing. State DMAs/ULBs may consider all or some of these factors or use their own factors.

2.4.4.2.2.1.1 Trade License Type

Refer Section 2.1.4.

2.4.4.2.2.1.2 Area of Trade Unit

Refer section 2.1.5.3.

2.4.4.2.2.1.3 Floor of the Establishment

Refer section 2.1.5.4.

2.4.4.2.2.1.4 Trade Business Structure

Refer section 2.1.5.5.

2.4.4.2.2.1.5 Trade Size

Refer section 2.1.5.7.

2.4.4.2.2.1.6 Employee Details

Refer section 2.1.5.8.
2.4.4.2.1.7 Trade Industry Type
Refer section 2.1.5.9.

2.4.4.2.1.8 Trade Description
Refer section 2.1.5.10.

2.4.4.2.1.9 Trade License Zone
Refer section 2.1.6.

2.4.4.2.1.10 Penal Provisions
Refer section 2.1.8.

2.4.4.2.1.11 Property Details
Refer section 2.1.5.12.

2.4.4.2.2 Assessed Value
TL License fee is assessed for its monetary worth. This ascertained price is known as assessed value. Assessed value is converted to license fee (demand) once inspection is completed and TL factors are verified.

2.4.4.2.3 Generation of Assessment Notice
This is the process in which assessment notice is generated and shared with trade owner.

2.4.4.2.3.1 Assessment Notice
Assessment notice is the notice served to the trade owner indicating the assessed value of trade license assessed on basis of the trade details. This notice is not considered as the final bill. The assessment notice is the interim notice to confirm the fee of the license.

2.4.4.2.4 Generation of Inspection Notice
This is the process in which inspection notice is generated and shared with trade owner.

2.4.4.2.4.1 Inspection Notice
Inspection notice is the notice served to the trade owner notifying them about the planned time of inspection-by-inspection officer.
2.4.4.2.5 Site Inspection

It is the ground inspection conducted post scrutiny of application, an ULB Inspector is assigned to verify the application details viz-a-viz trade property with respect to conformance to inspection checklist.

2.4.4.2.5.1 Inspection Officer

Inspection officer is the ULB official assigned to inspect trade property.

2.4.4.2.5.2 Inspection Checklist

Inspection checklist is used by ULB inspector to check conformance to relevant rules, safety measures and guidelines workforce, labor, any illegal activity, etc.

2.4.4.2.5.3 Inspection Entry

It means reporting the details of inspection post ground inspection by the inspector such as inspection time, details, notes etc. Application status in this case is inspected or rejected.

2.4.4.2.6 Revision of Assessment

Revised assessment notice is the notice served to the trade owner indicating the revised assessed value of trade license assessed on basis of the actual ground inspection. Thereafter a revised assessment notice is shared with the trade owner.

2.4.5 Appellate

Appellate is the process followed after the assessment are presented and the trade owner is aggrieved by the fixation or the charging of the trade license fees. The appeal process kicks off with a simple appeal letter or through trade license system.
2.4.5.1 **Grievance ID**

Grievance ID is a unique identifier allotted to the grievance by the ULB for the purpose of grievance recording, allocation, assessment, follow up, and appeal.

2.4.5.2 **Reason for Appeal**

Reason for appeal is the reasons as captured in assessment notice or bill because of which an aggrieved person appeals to the appellate authority for necessary redressal.

2.4.5.2.1 **Inaccurate Details**

This means the aggrieved person has appealed given the reason of inaccurate details such as incorrect name, owner name, business name, type of trade etc. in an assessment notice.

2.4.5.2.2 **Incorrect Fee Calculation**

This means the aggrieved person has appealed given the reason of incorrect fee calculation in an assessment notice.

2.4.5.2.3 **Incorrect Ownership**

This means the aggrieved person has appealed given the reason of incorrect ownership in an assessment notice.
2.4.5.2.4 Other Reasons

This means the aggrieved person has appealed given the any other reason as per the assessment notice.

2.4.5.3 Appellate Authority

Appellate Authority is the authority or representative of the authority assigned to review the procedures, decisions and/or assessment of trade license to make sure that the proceedings were fair and law/ regulation are applied appropriately.

2.4.5.4 Timeline for Appeal

Refer section 2.1.16.2.4.

2.4.5.5 Revised Assessment Notice

Revised assessment notice is the notice served to the trade owner indicating the revised assessed value of trade license assessed on basis of the revised assessment done after appeal completion.

2.4.6 License Billing & Payment

License Billing & Payment is the process of generating bill (demand) against the calculated and approved license fee by the ULB and subsequent payment of the same by the trade owner.
2.4.6 License Billing & Payment

2.4.6.1 License Billing
The process by which a license fee bill is generated based on TL factors post assessment and verification of the application.
2.4.6.1.1 License Bill

It means the final bill generated in reference to TL application based on assessed value for the license. Application status in this case is pending for payment.

2.4.6.1.1.1 Bill ID
Refer section 2.1.14.1.

2.4.6.1.1.2 Billing Date
Refer section 2.1.14.3.

2.4.6.1.1.3 Bill Amount
Refer section 2.1.14.2.

2.4.6.1.1.3.1 Assessed Value
Refer section 2.4.4.2.2.

2.4.6.1.1.3.2 Arrears & Other allied Charges
Arrears are defined as previous year’s and/or unpaid bill amount or license fees.

2.4.6.1.1.3.3 Penalty
The amount of extra money the citizen has to pay for failing to adhere to TL rules and/or/laws, timelines.

2.4.6.1.1.3.4 Interest
The amount collected above license bill in the event of late payment. It is usually determined at a particular rate of trade.

2.4.6.1.1.3.5 Deductions
Deductions is the component of license fee which has been deducted from the gross fee in lieu of advance or any other exemptions made subject to the rules of assessment of TL application.

2.4.6.1.1.3.6 Rebates
Discount given to the citizen for paying license bill in advance or before end of the statutory period or for undertaking certain listed activities as per the applicable rules.
2.4.6.1.3.7 Excess amount
This means any other amount that may be added in the bill as per assessment, rule and/or law.

2.4.6.1.4 Due Date
Due date is the date on which the bill for a particular trade is due for the current assessment duration. Upon non-payment of bill by the given due date, a surcharge may be levied on the initial demand by the imposition of a penalty.

2.4.6.1.2 Demand Collection Balance Register
Refer section 2.5.1.4.

2.4.6.2 Demand Notice Generation
Refer section 2.4.3.2.

2.4.6.3 Bill Amendment
Bill amendment is the process of amending TL bill when applicant notices a discrepancy in the calculation of the bill and submits a request for amendment or when the ULB realizes discrepancy in the calculation of bill and amends it.

2.4.6.4 License Payment
License Payment is the voluntary tender of money or its equivalent or of things of value by trade owner against the bill generated.

2.4.6.4.1 Receipt ID
Refer section 2.1.15.1.

2.4.6.4.2 Mode of Payment
Refer section 2.4.3.3.2.

2.4.6.4.2.1 Digital Payment
Refer section 2.4.3.3.2.1.

2.4.6.4.2.2 Non-Digital Payment
Refer section 2.4.3.3.2.2.
2.4.6.4.3 Payment Date
Refer section 2.1.15.2.

2.4.6.4.4 Demand Collection Balance Register
Refer section 2.5.1.4.

2.4.6.4.5 Receipt Register
Refer section 2.5.1.5.

2.4.7 Recovery
Recovery means, recovery of fees from the trade owner or defaulters. In some cases, recovery may be in terms of impounding any movable or immovable asset of the defaulter. Few methods of recovery in TL are:

- by presenting a bill
- by serving a written notice of demand
- by a suit

![Figure 27: Taxonomy of Recovery](image)

2.4.7.1 Defaulters Notice Generation
This means generation and service of notice to the defaulters who have not paid the license bill by the due date. In these cases, bills are amended to include penalties or late fee for defaulting.

2.4.7.2 List of Defaulters
Refer section 2.5.1.2.

2.4.7.3 Warrant Notice
Warrant notice is the bill that is served by the authority on the trade owner for recovery.
2.4.8 Write-off

Write-Off of trade license fee is the process of deductions or exemptions of fee, in compliance with any law, or through the guidelines of the ULB or the court of law.

2.4.9 Approval & Certification

The process of approving the applied application for trade license post assessment and inspection and issues trade license certificate by the municipal commissioner of the ULBs.

**FIGURE 28 TAXONOMY OF APPROVAL & CERTIFICATION**

2.4.9.1 Trade License ID

Refer section 2.1.1.

2.4.9.2 License Certificate Issuance

This means issuing trade license certificate post assessment and approval of TL application. Application status in this case is approved. It is recommended that the licenses should be digitally or manually signed by the relevant ULB officer such as Commissioner or Deputy Commissioner etc. along with water marked with ULB or relevant logo as per the ULB rules and/or regulations. It is also recommended to add digitally signed licenses into DigiLocker\(^\text{10}\) to make it easier to access and integrate with other services.

2.4.9.3 License Issue Date

Refer section 2.1.16.2.3.

---

\(^{10}\) “DigiLocker” means the Government owned and operated web and mobile based hosting of Digital Locker system. *Digital Locker System.*  
(1) For the purpose of providing preservation and retention of machine readable, printable, shareable, verifiable and secure State or Central department or agency or body corporate issued electronic records, the Government and other service providers to provide a Digital Locker system of limited electronic storage to all users.  
(2) The Government through Digital Locker authority and in accordance with the technical standards as laid down by the DeitY from time to time shall provide for the administration of Digital Locker system.  
(3) Subject to sub-rule (1), the Digital Locker system shall act as web and mobile based portal for State or Central department or agency or body corporate issued electronic records maintained in a prescribed format.
2.4.9.4 License Register

Refer section 2.5.1.1.

2.4.9.5 SMS & Notifications

Refer section 2.4.2.5.

2.4.10 TL Monitoring

TL monitoring is the monitoring process undertaken by the ULB officials from the time a TL application is lodged on system until it’s approved and remains valid. The trade licenses and associated revenue are monitored based on purpose of TL, Service Level Benchmarks, industry type, regulation purpose and need for renewal.
2.4.10.1 Reminder Notice for Renewal

The process of issuing a notice for renewal by the ULBs to the applicant for renewal of expired license. The notice may be issued via SMS, email, or by sending physical letter to the owner of the trade.

2.4.10.2 Site Inspection

Site Inspection is the process by the ULB officials to check unethical business practices at the trade establishments as per relevant rules, safety measures and/or guidelines. This form of inspection may occur whenever the ULB find suitable. Show cause notice can be issued to following traders if they violate the rules or if a complaint is raised against them.
2.4.10.2.1 Inspection Officer
Refer section 2.4.4.2.5.1.

2.4.10.2.2 Inspection Checklist
Refer section 2.4.4.2.5.2.

2.4.10.2.3 Inspection Entry
Refer section 2.4.4.2.5.3.

2.4.10.3 Generation of Show Cause Notice
The process of issuing a show cause notice to trade owners who have offended any rule and/or regulations as per the ULB. The notice is served to give an opportunity to defend the charges made against the trade owner by explanations and reasons in writing and/or by personal hearing. If the offender justified the charges/actions then the charges will be dropped. Licenses of trade owners who fail to justify the charges will be suspended by the ULB.

2.4.10.4 Suspension
The process by which a valid trade license is suspended by the ULB by giving a reason for suspension.

2.4.10.4.1 Time of Suspension
This means recording of the time at which the license has been suspended by the ULB.

2.4.10.4.2 Reason for Suspension
This means recording the reason for which the license has been suspended by the ULB.

2.4.10.5 Restoration
The process by which the applicant may restore a previously expired trade license.

2.4.10.6 Cancellation
The process of cancelling the license for the traders. The cancellation of trade license is issued when there is no satisfactory response received from the traders for which show cause notice was issued.
2.4.10.6.1 Type of Cancellation

Type of cancellation captures classification of TL cancellation such as voluntary cancellation or cancellation by force.

2.4.10.6.1.1 Voluntary Cancellation

This means cancellation of application by the applicant.

2.4.10.6.1.2 Cancellation by Force

This means cancellation of application or trade license by force by giving reason for cancellation such as public health issues, legal issues, documentation gaps, trade mismatch or any other reason.

2.4.10.6.2 Reason for cancellation

ULBs may cancel the application by providing relevant reasons, if applicant didn't respond to show cause notice on time.

2.4.10.6.2.1 Trade Mismatch with Application

ULB may cancel the application if the trade mentioned in application did not match the trade during ground inspection.

2.4.10.6.2.2 Documentation Gaps

ULB may cancel the application if there are any documentation gaps in the application submitted post show cause notice.

2.4.10.6.2.3 Public Health Issues

ULB may cancel the application if the assessing officer or inspection officer reported any public health issue.

2.4.10.6.2.4 Administrative/Legal Issues

ULB may cancel the application if there are any administrative/legal issues.

2.4.10.6.3 Cancellation Order

A cancellation order is generated post cancellation of the application or trade license.

2.4.10.6.4 Cancellation Register

Refer section 2.5.1.6.
2.4.11 Analysis

TL analysis is the process through which all TL applications are analyzed to check quality of service and become aware of (and eventually rectify) any deficiency in services. This helps in improving the efficiency, accountability, responsiveness and transparency of a ULB, ultimately leading to improvement in service delivery.
2.4.11.1 By Purpose of TL

This means analysis of TL application based on the aim or intention of issuing TL by the ULBs for e.g., revenue generation, trade promotion / livelihood, and regulation.

2.4.11.1.1 Revenue Generation

ULBs generate revenue through various sources such as trade license, building plan/license approval fees, rent from shops/markets/commercial establishments, water charges, parking fee, UGD charges, cable laying charges etc. to provide timely services and basic infrastructure. Trade license is one of the key sources of revenue generation for the ULB.

2.4.11.1.2 Trade Promotion

Trade promotion is the promotion of a certain trade in the ULB. Trend of trade licenses generated in a ULB can help shape vision of the ULB.

2.4.11.1.3 Regulation

Regulation is the management of offensive and dangerous trades or practices by the ULBs.

2.4.11.1.3.1 Health and Safety (Food)

Health and safety (Food) means the regulating and adoption good manufacturing practices, good hygienic practices, hazard analysis and critical control point and such other practices as may be specified by regulation, for the food businesses.

2.4.11.1.3.2 Pollution & Hazard Management

Regulating safe handling, generation, processing, treatment, package, storage, transportation, use reprocessing, collection, conversion, and offering for sale, destruction and disposal of Hazardous Waste by hazardous trade and pollution control. The ULBs may refer to end of use disposal norms by Ministry of Environment and Forest Protection.

2.4.11.1.3.3 Cleanliness & Waste Management

Regulating collection, processing, transportation and disposal of waste by the businesses.

2.4.11.1.3.4 Traffic Regulation

Regulating and coordinating traffic in the ULB boundaries with respect to allowed trades such as street vendors.
2.4.11.3.5 Public Order / Land Use Compatibility
Regulation and enforcement as per public order and land use defined by the rule of law.

2.4.11.2 By Demand Collection Balance
Refer section 2.5.1.4.

2.4.11.3 By Actual Turnaround Time
Refer section 2.1.16.3.

2.4.11.4 By Trade License Channels
Refer section 2.2.

2.4.11.5 By Trade Industry Type
Refer section 2.1.5.9.

2.4.11.6 By Trade Description
Refer section 2.1.5.10.

2.4.11.7 By License Status
Refer section 2.1.10.

2.4.11.8 By Application Status
Refer section 2.1.11.

2.4.12 Tax Payer Services
These are the services availed to all tax payers in a ULB. In the context of trade license, these are grievance redressal, NOCs and duplicate license.

2.4.12.1 NOC
2.4.12.2 Duplicate License
2.4.12.3 Duplicate Bill
2.4.12.4 No Due Certificate

Figure 31 Taxonomy of Tax Payer Services
2.4.12.1 NOC

No Objection Certificate (NOC) is a legal document, issued by the ULB or an individual to say that they have no objection to the mentioned details in the document. Following NOCs may be needed for trade license:

- NOC from neighbor
- NOC from landlord
- NOC from property tax department

2.4.12.2 Duplicate License

These are duplicate copies of Trade license that an applicant can ask for and/or these can be accessed on DigiLocker by the citizen post signing in DigiLocker as per prescribed rules (Department of Electronics and Information Technology, 2016)\(^\text{11}\)

2.4.12.3 Duplicate Bill

These are duplicate copies of TL bill that an applicant can ask for.

2.4.12.4 No Due Certificate

This certificate is issued to the trade owners who has duly paid their charges for the TL.

2.5 Trade License Reports and KPIs

TL reports and KPIs are documents and performance measurement indices that presents information in an organized format for various stakeholders especially in the form of an official document, after thorough investigation or consideration by an appointed person or body at the ULB.

2.5.1 Trade License Reports

The TL reports notifies the Urban Local Body about the complete information of all trade licenses which are raised through various governance channels. These reports should be maintained by the ULBs.

2.5.1.1 License Register

License register provides the information about the total number of trades that are registered by the ULBs. The trade license issued is categorized based on the trade name and sub trade name and this report gives the clear idea about the details like trade name, sub trade name, number of licenses, number of new licenses, number of licenses renewed, number of pending licenses for renewal and amount collected.
2.5.1.2 List of Defaulters

TL defaulters List is the list of TL fee defaulters, as on date. Defaulter is a person or body that has not paid last or previous years TL fees. This covers assessment number, owner details, property details, demand year and arrears.

2.5.1.3 Reports showing Changes in License Types

Reports showing changes in license types as based on change in trade type requests, date of requests, status of requests etc.

2.5.1.4 Demand Collection Balance Register

This report provides details about current demand, arrears and demand under litigation/dispute (if any), collection and balance of trade license fees for that financial year.

2.5.1.5 Receipt Register

This report provides details about the payment made and receipt issued after the payment of fees.

2.5.1.6 Cancellation Register

Cancellation register report provides the information about the total number of trade licenses that are cancelled in a given interval. This report gives the clear idea about the details like trade name, sub trade name, and applicant details, zone/ ward/ SI ward, current owner and status about the trade license\textsuperscript{12} (Commissionerate of Municipal Administration, 2017).

2.5.2 Trade License KPIs

This refers to KPIs that should be captured for TL management.

2.5.2.1 Digital Adoption

Digital adoption means attaining a state where an individual is capable enough to utilize an application, software, or tools to its fullest capacity or the potential to carry out a variety of digital processes. Digital adoption of TL can be measured in the following terms:

- \% Of citizens using digital channels for TL payment
- \% Of citizens using digital channels for accessing services
- \% Volume from different channels
- \% Of trade licenses issued within SLG

2.5.2.2 SLB Adherence

SLB Adherence means the number of applications processed by the ULB within SLB as determined by the rule or the law.

2.5.2.3 Bills to Demand Ratio

This means the ratio of number of generated bills with respect to number of assessments completed.

2.5.2.4 Collection Ratio

This means the ratio of actual collection with respect to demand generated to account collections.

2.5.2.5 Top and Least Performers

Top and Least Performers list provides information about the zones/wards who have highest and least collection ratios as well as bills to demand ratio in the ULB.

Address: The address of the property provides the particulars of the place as per the administrative boundaries or norms defined by the local governing body.

Geo Location: Geolocation is the identification or estimation of the real-world geographic location of property. This refers to the latitude and longitude coordinates of a particular location where property is located.

Digital Numbers: Property Numbers defined using scientific methods and often assigned with QR code for traceability and usability.
