

CONTRIBUTION OF NIUA PROJECTS TOWARDS SDGs

NIUA's Projects Covering Goal 17

1 Master Plan Delhi – 2041

Developing a guiding framework for sustainable and inclusive development of Delhi

2 Sustainable, Healthy, Learning Cities and Neighborhoods

Strengthening urban research capacity in developing countries

3 Smart Data and Inclusive Cities

Capacity building of local body officials for smart data in planning cities

4 Morgenstadt Global Smart Cities Initiative

Optimising performance of urban infrastructure, processes and services

5 Heritage Conservation Plan for Ahmedabad

Ahmedabad–Formulating local area plan for heritage conservation

6 Transit Oriented Development in Indian Smart Cities

Enabling institutional frameworks for transit oriented development in Indian cities

7 Federal Institute for Research on Building, Urban Affairs and Spatial Development

Research and policy advice for national agencies commensurate with SDGs

(For Goals 1 to 16 please see back issues)

BASIIC holds Expert Group Discussion on Guidelines for Universal Accessibility

Building Accessible, Safe and Inclusive Indian Cities (BASIIC) programme at NIUA in collaboration with IIT-Roorkee conducted an expert group discussion **Guidelines and Standards on Universal Accessibility in India** on 20 May. The discussion highlighted the need for revision in the existing guidelines and standards, and implementing stringent monitoring mechanisms considering the accessibility needs of persons with disabilities (PwDs), women, and children. For more information on BASIIC programme, click [here](#).

Redefining the City Mandates at Local Levels is Mandatory for New Age Transformations: Director NIUA

Shri Hitesh Vaidya, Director, NIUA in an article to *The Times of India* stressed that there is a need to translate lessons learned from this pandemic into the city's institutional and governance frameworks. This requires to re-think on long term structural changes and reforms with a focused approach for resilient governance to get back on track for sustainable and smart growth.
