27TH JULY 2023

1. BACKGROUND

About National Urban Digital Mission:

1. The National Urban Digital Mission (NUDM) was launched by the Ministry for Housing and Urban Affairs (MoHUA) in February 2021 to streamline and coordinate efforts of the urban ecosystem and thus to improve the ease of living for citizens by creating a national urban digital ecosystem.
2. NUDM aims to build shared digital infrastructure for strengthening the capacity of India's States and Union Territories to leverage digital technology and e-governance to address critical urban challenges and facilitate online delivery of municipal services in all their Urban Local Bodies (ULBs). It endeavors to support them with the creation of appropriate foundational digital building blocks, ready-to-use platforms, standards, specifications, et al.
3. All platforms under NUDM are built following the stack approach, as outlined in the NUIS Strategy and Approach and the NUIS Digital Blueprint, which means that they are a combination of micro services. Each micro service is a digital building block that offers a specific functionality in a stable and reliable way across a range of contexts in the urban domain. These building blocks can be assembled in various configurations to meet specific needs.
4. **Urban Platform for Delivery of Online Governance (UPYOG)** is an open-source, shared digital platform to enable the rollout of urban e-Governance services as part of the offerings under NUDM. It will support States/UTs in their efforts to roll out the online delivery of municipal services in all their Urban Local Bodies (ULBs).
5. UPYOG includes **10** open-source reference modules of municipal e-Governance services *vis.*
 1. Property Tax Assessment and Payment
 2. Building Plan Approval
 3. Municipal Grievance Redressal
 4. Trade License Issuance and Payment
 5. No-Objection Certificate (NOC) Issuance
 6. Water and Sewerage Connection Management
